FISHING SERIES

- ◆ **More fishing space** – you have loads of room to move around on deck and a stable platform to fish and cast your lines from.
- ◆ **Ride smoothly over waves** – the elevated pontoon platform offers a far smoother ride than traditional fishing boats over bumps and chops.
- ◆ **Much more comfortable** – you could almost be sat in your living room, so what's not to like? Put some music on, cast your line, and then grill it on board.
